

WORD ON THE STREET

MAYOR

"Lansing's downtown and Stadium District are seeing incredible growth. The only thing missing for residents and visitors is a grocery store. The last thing that I did as state representative was to pass legislation incensing grocery stores where needed in urban areas, and I campaigned on the need for grocery stores in our commercial areas. I am thrilled to be part of this announcement, which will solve this problem in our downtown and Stadium District. This Capitol City Market will be the answer to the many requests that we have received to have a fully functional and sustainable grocery store in our downtown, and I am excited to see this happen!" – Andy Schor, mayor City of Lansing

CHAMBER

"The addition of an urban grocery store provides a key strategic development that will support continued growth and investment in downtown Lansing. This further enhances the economic importance of the Michigan Avenue corridor and establishes new opportunities for further residential development."

– Tim Daman, president and CEO of the Lansing Regional Chamber of Commerce

CVB

"The Gillespie Group continues to demonstrate their vision and commitment by leading the way in moving the Lansing region forward. This exciting development will attract thousands of new visitors and residents alike who will experience a vibrant Stadium District and welcoming Lansing region."

– Jack Schripsema, president Greater Lansing Convention & Visitors Bureau

LEPFA

"These added amenities to the Stadium District will further move the needle for visitors and guests of our entertainment and convention business facilities. The Stadium District continues to grow, these new additions are fulfilling the vision of a downtown environment welcoming to everyone."

– Scott Keith, president and CEO Lansing Entertainment & Public Facilities Authority

ALLEN NEIGHBORHOOD

"People living and working in Lansing's downtown and near downtown neighborhoods have longed for an urban grocery store for years. It appears that our waiting is over."

– Joan Nelson, executive director of Allen Neighborhood Center, Eastside resident, local food activist
